PROJECT DETAILS

The Division Street improvement project is 1 mile of roadway resurfacing from Thatcher Avenue to Harlem Avenue; also included in the project are improvements and upgrades to sidewalk crossings and handicap ramps at the intersections.

The purpose of this project is to improve the safety and traffic operations for the motorists, pedestrians and bicyclists that use Division Street - *as well as to ensure deteriorating pavement and sidewalks meet current standards and requirements.*

Construction is scheduled to begin in the summer and be completed by fall. Division Street will be accessible throughout the course of the project; two lanes of traffic (*one in each direction*) will be maintained as well as access to driveways. *Because of the construction activities, on-street parking may be limited during construction.*

The Village recognizes the importance of this project and understands the impact on residents, schools and commuters. To help provide information to members of the community and a resource for any concerns that arise, the Village has dedicated a website to this project (www.vrf.us/DivisionStreet). The website will be updated regularly regarding project progress, phasing, parking, etc. For general project updates and the latest news, we encourage everyone to follow the website. *Please see the back of this brochure for all contact information regarding the Division Street project.*

FREQUENTLY ASKED QUESTIONS

When will the work begin?

Work is scheduled to begin early summer of 2016.

When will the work be completed?

Work is scheduled to be completed by the fall of 2016.

Will I have access to my driveway?

Yes, access to driveways will be maintained throughout the project.

What are the work hours for this project?

Work hours are planned from 7am to 6pm Monday-Friday and 8am to 5pm Saturday; *no work on Sundays.*

Will roads be closed during construction?

Two lanes (*one in each direction*) will be maintained during the entire project; however, on-street parking may be impacted temporarily.

What do I do if I want more information or have a question/concern?

We encourage you to first check the website (www.vrf.us/DivisionStreet); if needed, you can also contact Paul Kuehnlenz, the Village Liaison and Resident Engineer overseeing the Division Street construction operations. *All contact information is located on the back of this brochure.*
