**Brennan School of Business “Being Green”**

- Last month, Dominican facilities staff installed a new water filtration system in the BSB office. This allowed us to get rid of the water cooler with the large plastic bottles. The new system provides a “ready” supply of filtered cold water and boiling water.
- Our campus parking lot paving system was featured in the local paper as being environmentally friendly.
- Eight BSB students attended the 2009 Sustainability Conference/Luncheon: Erika Von Roehn, Robert Nowak, Edith Martinez, Isabel Casey, Mujahed Khan, Sean McCarthy, Merak Metz and Cengiz Ozcan.

The Chairman and CEO of Fluor Corporation, Alan Boeckmann, was the Key Note speaker and the event was sponsored by the Executives Club of Chicago.
